Diagram illustrating a network structure with two groups of nodes connected to a central node '4624'.

- Left Group (Nodes): Acme, Altex, Office Park, Brekker, HTZ, Haber.
- Right Group (Nodes): Burke, Ennis, Haley, Ahern, V. Gorden, Gross.
- Central Node: 4624.

Curved arrows indicate connections from each node in both groups to the central node '4624'.

The diagram consists of two identical parts. Each part features a vertical column of eight 'EDIT' labels. From the bottom five 'EDIT' labels, five curved arrows point downwards and inwards to a single '4622' label positioned centrally below the group.

The diagram illustrates a network structure where two identical sets of nodes are connected to a single central node. On the left, there are ten vertical labels, each reading "DEPARTMENTS" from bottom to top. Curved arrows point from each of these labels towards a central node labeled "4622". Similarly, on the right, another set of ten vertical "DEPARTMENTS" labels has curved arrows pointing towards the same central "4622" node.
